

ZERO WASTE MISSION ON THE CAMPUS

Thank you all for keeping our campus a green and tree-lined place without a multitude of rubbish that litters the edges of sidewalks, stairs and green spaces.

Garbage cans are available in each common area, please use them as if you were at home!

We're counting on you!

Waste sorting

Waste sorting guide set up at MAISEL

If you have any suggestions for improvements, please send an email at

infomaiseil@imtbs-tsp.eu

In collective kitchens

Posters to be able to properly sort « packaging » waste, glass bottles or containers, waste all kinds of waste

What's missing ? « composting »

If you wish to compost your waste, contact the **Univ'Vert Association** directly

martin.tremeaud@telecom-sudparis.eu

In your accomadation

You will find a yellow bag for your « packaging » waste or to be picked up at the technical service

a "fireproof" can garbage in your bedroom or studio

A waste bin is located in the shower room - WC.

It's up to you to empty them and lower their contents into the sorting bins set up at the bottom of your building.

No garbage bags should be stored in hallways or outside buildings.

We will not fail to apprehend students who have no respect for the environment of their peers and cleaning staff as well as those of the MAISEL.
