(1) €80 Account Opening Bonus

Offer cannot be combined with any other promotional offer, including partner and privilege offers. Valid until December 31, 2026 inclusive. Reserved for SG non-customers aged 18 to 27 who are students of an SG partner school and who open their first individual SG bank account (excluding the legal right-to-an-account procedure) following an online application submitted between June 3, 2026 and December 31, 2026 inclusive.

Not available to SG employees or holders of an SG business card.

Account opening remains subject to bank approval.

The €80 bonus is paid in two installments:

• €20 credited when the account is effectively opened;

• €60 credited no later than the fourth month following account opening, provided that a minimum number of regular banking transactions (card payments, transfers, withdrawals, etc.) are completed each month during the first three months:

- At least 5 transactions per month for customers aged 25 and over;
- At least 2 transactions per month for customers aged 18 to 24.

Bank account maintenance fees may apply and are charged quarterly according to current pricing conditions (unless exempted as specified in the "Terms and Fees for Personal Banking Operations" brochure available in branches and on particuliers.sg.fr).

If the account is closed within 24 months of opening, either at the customer's initiative or by SG due to improper conduct, SG reserves the right to recover from the account all promotional bonuses granted under this offer.

(2) €80 Bank Switching Service Bonus

Non-cumulative offer reserved for adult SG customers opening their first individual SG bank account online (excluding the legal right-to-an-account procedure) between June 3, 2026 and December 31, 2026 inclusive.

The customer must subscribe to the **Bienvenue SG Bank Switching Service** within 40 calendar days following the online account opening request by signing a switching mandate, enabling Société Générale to communicate the customer's new bank details to at least one direct debit originator or recurring transfer issuer.

Bienvenue SG is a free service allowing customers, from the moment their account is opened, to authorize SG to manage on their behalf requests to transfer direct debits, recurring transfers and/or standing orders from an account held with another institution and, if requested, arrange closure of that account.

The €80 bonus will be credited to the customer's SG account no later than 12 months after signing the switching mandate.

If the customer does not maintain their banking relationship for 24 months following implementation of the bank switching service, Société Générale reserves the right to recover the amount of the bonus paid under this promotion.
